

International Electric Bus Training Program

Program

APTA, CUTA and UITP have joined forces to bring UITP's electric bus training program to North America. The program is being offered in Montreal from March 27-29, 2019 and Los Angeles from April 1-3, 2019. Both will feature UITP's international electric bus training program with North American-focused content. More details on the program to come in January.

Registration Costs and Application Process

The cost of the training will be **1195 \$US** or **\$1575 CAD** per person, which includes all training materials, coffee breaks, daytime meals and networking events. Participants will be responsible for arranging their own travel to and from the training location and hotel costs.

Each training session (Montreal and Los Angeles) is limited to a maximum of 35 participants. To request a space in one of the two training sessions, the reservation form below should be completed and returned to CUTA (for the Montreal session) or APTA (for the Los Angeles session) no later than 5pm PT on February 8, 2019. Participants will be notified on the status of their application by February 15, after which time full payment of the session is due by February 28.

Applicants must 1) be APTA, CUTA or UITP members, and 2) commit to participate in the entire duration of the training session.

APTA, CUTA and UITP are committed to diversity. We seek to assemble a training sessions representative of that diversity, including public and private sector participants from both large and small organizations. If the sessions are oversubscribed, preference will be given to one applicant per member organization.

*English only program.

**INTERNATIONAL ELECTRIC BUS TRAINING
Montreal (March 27-29, 2019) or Los Angeles (April 1-3, 2019)**

REGISTRATION FORM

Name _____

Title _____

Organization _____

Address _____
