1) TRANSIT SYSTEM

- **Conventional Services (with or without Specialized Services)**

Each Transit System pays an annual fee based upon the direct operating expenditures for the operation of its transit system, reported in the preceding fiscal year, in accordance with Table 1.

Those members providing both conventional and specialized services are to combine both direct operating expenditures to calculate membership fees.

For members providing only specialized transit, please see “*Specialized Services Only*” section.

How to calculate:

- 1) Obtain the dollar amount of your operating expenditures for the preceding fiscal year
- 2) Using your operating expenditures, identify the corresponding range from Table 1 to find your Base Fee (fourth column)
- 3) Calculate the difference between your operating expenditures and the lower of the amount in your range
- 4) Multiply that number by the ‘percentage of difference’ for your range (last column)
- 5) Combine the amounts calculated in Steps 2 and 4
- 6) Calculate the 5% increase as per Board approval
- 7) Calculate your contribution to the Advocacy Fund which is 45% of Step 5
- 8) Combine the fee, 5% increase, and Advocacy Fund (Steps 5, 6, and 7)
- 9) Calculate the 15% increase as per Board approval and submit as your membership fee
- 10) Calculate the applicable HST / GST on the amount from Step 9
- 11) Combine the membership fee and taxes (Steps 9 and 10) to submit as your total membership fee

Table 1

NOTE: Membership fees are payable in Canadian dollars and are for the calendar year.

EXAMPLE #1: An Ontario transit system that provides both conventional and specialized transit.

- 1) Obtain the dollar amount of your operating expenditures for the preceding fiscal year

Conventional services: \$350,000 Specialized services: \$100,000 Total expenditures: \$450,000

- 2) Using your operating expenditures, identify the corresponding range from Table 1 to find your Base Fee (fourth column)

Range 2: \$350,001 - \$700,000, Base Fee: \$650

- 3) Calculate the difference between your operating expenditures and the lower of the amount in your range

Total expenditure (\$450,000) – Lower range (\$350,001) = \$99,999

- 4) Multiply that number by the percentage of difference for your range (last column)

$\$99,999 \times 0.05\% = \50

- 5) Combine the amounts calculated in Steps 2 and 4

$\$650 + \$50 = \$700$

- 6) Calculate the 5% increase as per Board approval

$\$700 \times 5\% = \35

- 7) Calculate your contribution to the Advocacy Fund which is 45% of Step 5

$\$700 \times 45\% = \315

- 8) Combine the fee, 5% increase, and Advocacy Fund (Steps 5, 6, and 7)

$\$700 + \$35 + \$315 = \$1,050$

- 9) Calculate the 15% increase as per Board approval and submit as your membership fee

$\$1,050 \times 1.15 = \$1,207.50$

- 10) Calculate the applicable HST / GST on the amount from Step 9

$\$1,207.50 \times \text{Ontario HST (13\%)} = \156.98

- 11) Combine the membership fee and taxes (Steps 9 and 10) to submit as your total membership fee

$\$1,207.50 + \$156.98 = \mathbf{\$1,364.48}$

NOTE: Membership fees are payable in Canadian dollars and are for the calendar year.

- 4) Multiply that number by the 'percentage of difference' for your range (the amount indicated in the last column of Table 1)
- 5) Combine the amounts calculated in Steps 2 and 4
- 6) Using Table 2, identify the Factor that corresponds to your operating expenditures
- 7) Multiply the amounts in Steps 5 and 6 to calculate your base fee for Specialized Services Only

- 3) Calculate the difference between your operating expenditures and the lower of the amount in your range

Total expenditure (\$450,000) – Lower range (\$350,001) = \$99,999

- 4) Multiply that number by the percentage of difference for your range (the amount indicated in the last column of Table 1)

NOTE: Membership fees are payable in Canadian dollars and are for the calendar year.

$$\$99,999 \times 0.05\% = \$50$$

- 5) Combine the amounts calculated in Steps 2 and 4

- 6) Using Table 2, identify the Factor that corresponds to your operating expenditures

Range: 1, Factor: 0.50

- 7) Multiply the amounts in Steps 5 and 6 to calculate your base fee for Specialized Services Only

$$\$700 \times 0.50 = \$350$$

- 8) Calculate the 5% increase as per Board approval

$$\$350 \times 5\% = \$17.50$$

- 9) Calculate your contribution to the Advocacy Fund which is 45% of Step 7

$$\$350 \times 45\% = \$157.50$$

- 10) Combine the fee, 5% increase, and Advocacy Fund (Steps 7, 8, and 9)

$$\$350 + \$17.50 + \$157.50 = \$525$$

- 11) Calculate the 15% increase as per Board approval and submit as your membership fee

$$\$525 \times 1.15 = \$603.75$$

- 12) Calculate the applicable HST / GST on the amount from Step 11

$$\$603.75 \times \text{Ontario HST (13\%)} = \$78.49$$

- 13) Combine the membership fee and taxes (Steps 11 and 12) to submit as your total membership fee

$$\$603.75 + \$78.49 = \mathbf{\$682.24}$$
