PROGRAM AT A GLANCE - PAGE 2 OF 2

MONDAY, MAY 8 (continued)

13:00-14:30
BRT Tour
(40 person limit)
Saskatoon Transit would like to take you on a tour of the future BRT's route. During this tour, you will be introduced to concepts of urban integration, and learn how the project's special features will benefit riders across the city. This tour of the future route will provide insights into the opportunities and challenges facing the City and its residents and demonstrate how the BRT will help Saskatoon grow.

Crestline
(40 person limit)
Crestline Coach Ltd. is a global leader in ambulance and specialty vehicle manufacturing, and a Canadian distributor of small to mid-sized buses. For over 40 years, Crestline has been meeting the needs of customers in 33 countries around the world and delivering more than 10,000 vehicles. Come see where it all goes down.

14:30-16:30
Equans Facility Management
(40 person limit)
Equans invites you to a behind-the-scenes tour of the operations and maintenance facilities that service Saskatoon Transit's entire bus fleet. Together we will visit the Saskatoon Civic Operations Centre - a LEED-certified project that is comprised of the Transit Operations and Snow Management facilities for the city. Globally, Equans delivers on Energy, Industrial & Digital Transitions of our time, with 95 000 employees collectively focused on designing, commissioning, and operations & maintenance (O&M).

Wanuskewin Tour
(30 person limit)
Wanuskewin, the nēhiyawēwin (Cree) word roughly translated as "sanctuary", has been a sacred site and gathering place for more than 6,400 years. Home to Canada's longest-running archaeological dig, they continue to uncover places and objects of significance to people's past and present. Wanuskewin is a living reminder of the sacred relationship between people, animals, and the land and is one of Canada's proposed UNESCO World Heritage Sites. Join us on this unique tour for an exceptional opportunity to engage with Northern Plains Indigenous history and culture.
