

31 October 2016

CUTA Fall Conference and the 2016 Canadian Transit Show Update

We have an exciting line-up of sessions, keynotes, speakers and presenters! You don't want to miss this event in beautiful Vancouver, **today is the last day to register on the [CUTA website](#)**. After today, you may register on site November 5-9 at the Fairmont Waterfront Hotel.

The [2016 Canadian Transit Show](#) (Tuesday November 8th): There are only a few booth spaces remaining. For those already booked, please make sure you have [submitted your booth staff names](#) and please contact us if you have not already received your Exhibitors Handbook with all the details for a successful show! For pre-registration for your guests and booth staff, please [click here](#). Please join us on opening day at the Canadian Transit Show for our Networking Breakfast, which will be held in the Vancouver Convention Centre.

RAILconnect is back! [RAILconnect](#) is a specialized 2-day rail event taking place as part of the Conference and Transit Show in Vancouver. The event links delegates to rail-focused sessions, keynote speakers and a unique rail pavilion showcasing rail projects and project teams from across the nation at Canada's largest transit trade show.

We have created a great tour package for our **Companion Program** – register your companion as soon as possible as there is limited space to tour several of Vancouver's famous landmarks!

For further information, please contact [Paulina Cadena](#), Conferences and Events Planner.

Canadian Transit Forum Magazine: November 2016

The November issue of *Canadian Transit Forum Magazine* is now available [online](#). For advertising in the February 2017 issue of the magazine, please contact [Angela Caroyannis](#) at Naylor.

For more information, contact [Johanne Palermo](#) at extension 120.

Canadian Transit Fleet and On-Board Equipment Fact Book – 2015 Operating Data

The Technical Services department has released the **Canadian Transit Fleet and On-Board Equipment Fact Book – 2015 Operating Data** electronically! We would like to thank all participating transit system members for assisting us in compiling data to make these publications possible. Hard copies are now available for purchase.

This publication national, provincial, population group, and metropolitan group summarizes about transit fleet and on-board equipment statistics, as well as individual transit systems' fleet operating statistics. It

also provides summaries of vehicle age distribution by mode, national bus age distribution, revenue buses by fuel type, and on-board equipment for active vehicles.

For further information, please contact [Calvin Chia](#) at extension 112.
