

HEALTH & SAFETY

Proof of Vaccination & Masks Required

The health and well-being of CUTA's members, participants, and exhibitors is a top priority. As a result, we're enacting the following safety measures, including the need that all participants show proof of COVID-19 vaccination and that all participants wear masks, in accordance with the order of the Government of Quebec.

Proof of COVID-19 vaccination passport

All participants will be required to provide proof of a full COVID-19 vaccination. Your QR code is your vaccine passport. The vaccine passport may be shown in different formats and must be accompanied by a piece of identification.

Masks Required for All

Indoor events require all participants to wear masks. Speakers may remove their masks while speaking but must remain at least 6' away from the audience and reapply the mask when leaving the podium. Disposable masks will also be available on-site for all participants. .

Physical Distancing

Whenever feasible, CUTA urges all participants to practise physical distance. Attendees are encouraged to take any further precautions that may help them feel more at ease and secure. Avoiding handshakes and embraces, for example, can help restrict physical encounters.

On-Site Registration

CUTA strongly advises that you register in advance to make the process as simple as possible for you and to avoid crowding in the registration area. The number of alternatives for on-site registration may be limited.

Cleaning & Disinfecting

The Fairmont Château Frontenac will have hand sanitising stations located around the hotel. Cleaning and sanitising of high-touch areas will be done on a regular basis.

Food & Beverage

At all food functions, best procedures for safe food handling will be followed. While not actively eating or drinking, participants will be required to wear masks.

Fairmont Château Frontenac

The Fairmont Château Frontenac in Quebec City will host the Spring Summit & AGM. To ensure your protection, Fairmont Château Frontenac has implemented some of the most rigorous cleaning standards and procedures in the hotel industry. They observe a 24-hour "resting" period between guest stays, followed by room cleaning and disinfection.

To learn more about the extensive measures Fairmont Château Frontenac is taking to safeguard, protect and care for their guests, visit www.allsafeandwell.com

We're constantly collaborating with the Fairmont Château Frontenac, the city of Quebec, and our partners to ensure that everyone has a safe and productive conference. As more information becomes available, this website will be updated often.
