

2022 SPONSORSHIP PROSPECTUS

**CANADIAN URBAN TRANSIT
ASSOCIATION**

Inspire and influence the evolution of Integrated Urban Mobility

A MESSAGE FROM OUR PRESIDENT & CEO

Dear colleague,

CUTA's conference is eagerly anticipated every year, but this year businesses have even more reason for anticipation as it will be our first in-person transit show in three years held in conjunction with our conference. The Spring summit and Fall conference offer the opportunity to showcase products and services, interact with transit systems one-on-one, and position your business as a leader in our field.

I don't have to tell anyone that 2020 and 2021 were years unlike any we've seen. And I'd like to extend my appreciation to all the sponsors who supported our virtual events during the pandemic. Just as many business members adapted products and services for Covid's new normal, you also joined us in adapting to a virtual world for which we are grateful.

With 2022 on the horizon, we all hope for a return to normalcy. Which is why we can't wait to be returning to in-person events (with all the safety protocols governments recommend) in a hybrid model that allows for remote, virtual participation. We're expecting hundreds of people in Quebec City, and many more in Montreal.

Please examine our sponsorship opportunities for either, or both, events. For the first time in 2022, we're also offering a full-year corporate partner package to maximize your business's profile within the transit sector. More details about all sponsorship options are included in this prospectus.

Our summit and conference are our—and your—opportunity to showcase business leadership in the sector, and keep abreast of the many changes underway. Public health, obviously, has been front-and-centre during Covid. But there are many other emerging issues, as well, such as dynamic new service models, adapting to modern workforce challenges, greater equity, fleet modernization and electrification, and the increased emphasis on “human focused” transit. As always, our events will feature some of the leading experts over a breadth of issues.

Please consider sponsoring this year's events—or even the year itself. There's a wide range of packages available, with more detail about each in the package that follows. Thank you again for your support, and we look forward to seeing you in-person (or virtually) in Quebec City and Montreal, and I wish you prosperity and health for 2022.

Sincerely,

Marco D'Angelo

CUSTOMER SERVICE BENEFIT IDEAS

Sponsored on-site recreation and activities:

- Face off against your colleagues in a friendly ping pong or table hockey tournament. We'll be there for you!

Sponsored team-building activities that aligns with your organization's social and environmental responsibility goals:

- Giving back to the community through philanthropic CSR to organizations that share your company's values and priorities with delegates.

Raffle prize giving:

- Place a raffle ticket in delegate bags and announce the winner at the end of our closing ceremony. We'll ensure delivery of the prize to the winner as provided approval.

On-Site Catering and Beverage Sponsorship:

- Host a virtual device activation with our delegates! Host a virtual device activation with one of our delegates at a virtual bar on site with one of our

affiliate venues. After two years, many people are looking forward to unwinding and meeting face-to-face, which presents a great opportunity to brand yourself at networking hubs throughout the course of the event.

Structured networking event:

- Host a speed-dating style networking event with attendees within the program agenda

Transit News Broadcaster:

- Interview key speakers and members at our spring summit or annual fall conference. These live interviews will be edited and released for broadcast on CUTA's social media channels.

Product Unveiling:

- Host a virtual device activation where you can showcase your latest products and services to CUTA's membership base. This can take place at any point during the 2022 calendar year.

Spring 2022

Public transit empowers communities and keeps them moving. And lots has changed since we last met in person. How transit is powered is changing. Covid changed how transit is used. And how transit systems are empowering everyone through new diversity, inclusion, and accessibility initiatives is changing, too.

Fortunately, how we're meeting is also changing. And for the first time in too long, we'll be connecting face-to-face—with a virtual option, too—at CUTA's Spring Summit. It's being held in beautiful, historic Quebec City from April 3-5, 2022.

Fall 2022

It's been too long since we've seen each other face-to-face. Which is why we're so excited that our first in-person transit show in what will be three years will take place in Montreal in October in conjunction with our annual conference.

It will, as always, be a chance to hear the latest in transit developments from panels of experts and our peers. It will, as always, be an opportunity to renew old acquaintances and make new ones in our transit community. But it will also be a long-awaited opportunity to see the latest from our business members—with all the innovations, new technologies and approaches the pandemic brought on—in-person and up-close at our transit show. Your friends at CUTA can't wait to see what they have to offer, or to welcome you to Montreal next fall.
