

Job title: **Electronic Technician**
Job ID: 20230005
Location: Burnaby Transit Centre South
Full/Part Time: Full-time
Regular/Temporary: Regular

Marketing Statement

As the largest operating company in the integrated TransLink enterprise, Coast Mountain Bus Company (CMBC) operates a fleet of clean-fuel conventional and community shuttle buses, zero-emission trolley buses, and passenger ferry SeaBuses in Metro Vancouver, the largest single transit service area in Canada.

At CMBC, one of BC's Top Employers, we're committed to providing an innovative, healthy, and engaging workforce. This is reflected in our workforce of over 5,500 employees performing over 400 unique jobs, who are committed and empowered to deliver service that attracts nearly 1.1 million passengers daily and connects people, businesses, and communities in the Metro Vancouver region.

We have the important job of helping our passengers get to work, appointments, visiting with family and friends, and back again every day. Metro Vancouver relies on us, and we take that as a point of pride.

Responsibilities

Performs general troubleshooting, electrical component installation, overhaul, and repair of complex electronic devices as well as general automotive and heavy vehicle electrical work on 6-, 12-, 24- and 600-volt systems. Works on, but not limited to solid state control systems, CCTV camera systems, radio systems, navigation systems, automated fare collection equipment and data processing equipment. Installs and removes associated electrical/electronic systems as directed.

Qualifications

Graduate from a two-year diploma program in electronics technology from a recognized technical institute (BCIT or equivalent) with documented education in power electrical/electronic and solid-state applications with a working knowledge of computer-controlled power systems, or possession of an Industrial Electrician (Red Seal), or equivalent military experience and qualifications (QL5). Two or more years' experience in a related field along with one year of direct DC repair experience on transportation electrical systems (e.g., heavy truck/marine systems/bus/aerospace systems). Familiar with modern electronic laboratory diagnostic equipment and electrical schematics. The ability, after training, to hold a class 2 drivers' license with air endorsement is required. Must be prepared to work various shifts at various locations. An up-to-date driver's abstract must accompany applications. Maximum 6 points in the past 3 years, no impaired convictions, roadside

suspensions, or prohibitions in the past 5 years. Will be required to undergo a comprehensive medical examination
